

Medicine Safety Matters

Free tools and guidance to help families store, monitor, and dispose of medications safely at home.

Often, misuse of prescription medication starts at home. **Medicine Safety Matters** helps caregivers lock up medications, track what's in the house, and get rid of unused prescriptions the right way, reducing the risk of accidental poisoning and misuse before it starts.

This program can also include Opioid Overdose Training if needed.

WHO IT'S FOR

- Parents and caregivers of children or teens
- Any household that keeps prescription medication
- Grandparents and multi-generational homes

WHAT'S INCLUDED

- FREE medication lock bag & keychain
- Drug disposal bags
- Guidance on safe storage of medication
- Naloxone kit if needed
